

HB 40 UNDER ATTACK BY RIGHT-WING EXTREMISTS

Within hours of HB 40 becoming law, anti-choice leaders met to repeal and block this life saving measure from taking effect. In addition to pursuing legal challenges to HB 40, 21 statewide anti-choice organizations held a meeting in Chicago and vowed in writing to join forces to defeat any elected official or candidate who supports HB 40 and opposes its immediate repeal.

THREE EXTREME ANTI-CHOICE BILLS FILED IN THE ILLINOIS GENERAL ASSEMBLY

HB 4108 (Rep. David Reis-Olney)

Repeals HB 40 in its entirety by reinstating the “trigger” language, which outlaws and criminalizes abortion in Illinois when *Roe v. Wade* is overturned or modified.

Reinstates the ban on abortion care for women who are insured by Medicaid or any state employee health insurance plan.

CONTINUED ON REVERSE

HB 4114 (Rep. Peter Breen-Lombard) & SB 2241 (Sen. Dan McConchie-Lake Zurich)

Repeals HB 40 in its entirety and **imposes additional new restrictions on abortion care and birth control** for all women in Illinois.

Creates a new legal definition of “person” based on the belief that life begins at “the time of conception,” which would outlaw abortion and turn the most commonly used forms of birth control, such as the IUD and pill, into murder weapons under Illinois law.

Bans the State of Illinois and local governments from paying for abortion care or including abortion coverage in any employee health insurance plans. Cook County hospital would have to cease providing abortion care and local governments would be forced to cancel all abortion coverage in their employee health insurance plans.

Contains no exceptions for:

- Rape & Incest
- Threats to a woman’s health
- Severe fetal anomalies that are incompatible with survival

Imposes a “gag rule” on all agencies and non-profit organizations that would prohibit them from performing or even discussing abortion. Gag rules put women’s health at risk by preventing them from receiving complete and medically accurate information about all their legal options concerning pregnancy.

TAKE ACTION TODAY TO STOP THESE ATTACKS ON REPRODUCTIVE RIGHTS

The only way to stop these bills is to elect pro-choice candidates who will vote **NO** to all three bills. You can help Personal PAC elect pro-choice leaders across Illinois by making a contribution today at www.personalpac.org.
