*Funding the Future of Disability Services*

Hello,

My name is \_\_\_\_\_  
and I live in \_\_\_\_\_, zip code \_\_\_\_\_.

I receive supports in your district from an organization called \_\_\_\_\_, which supports me with my intellectual/developmental disability. This service is entirely funded by the safety net.

**I am concerned about the bills in the House reforming the safety net, in particular how the per-capita caps are calculated, since that could lead to states reducing coverage for optional services and populations. These services help me succeed so I need you to make sure my concerns are heard.**

**These bills MUST do better for the disability community.**
